

Diesel Mechanics

The BEST of both worlds...

Brightwater, one of New Zealand's leading engineering service providers offering engineering and maintenance solutions throughout New Zealand and Australia.

We have exciting opportunities for keen, talented Diesel Mechanics to join our teams in both Nelson and the West Coast.

Brightwater Engineering

- Nelson based – Workshop
- Competitive Hourly Rate
- Standard Hours
- Sole Charge of Maintenance of Vehicle Fleet and Diesel Plant.

Reference: MECHBEL

Brightwater Services

- West Coast based - Client Site
- Attractive Hourly Rate
- Rostered work schedule
- Generous Overtime and Allowances
- Working on Mobile Equipment

Reference: MECHBSV

Specific duties will include but are not limited to:

- Preventative Maintenance
- Diagnosing and repairing breakdowns on the fleet
- Ensuring that all necessary pre-start, and repairs documentation is completed in a timely manner
- Maintaining open lines of effective communication with stakeholders to ensure work is carried out with the least disruption to operations
- Possess a positive attitude towards Health and Safety.

The successful applicant will be trade qualified. Excellent communication skills are crucial to your success in this role along with a strong commitment to continuous improvement in fleet maintenance.

If you have the experience and skills to impress we suggest you apply immediately.

All applications will be treated with the strictest confidence and close on Sunday 26 February 2012.

Enquiries welcome, please contact Rachel Jones,
HR Advisor on 03 543 5300.

Alternatively, please send your application
