Environmental Policy Statement

Group Environmental Policy Statement

The Brightwater Group is committed to but not limited to:

- Ranking the protection of the environment as a significant company objective.
- Continuously improve our company environmental performance.
- Using all our materials efficiently and effectively.
- Integrating environmental issues within our financial decision making.
- Using best practical options to prevent pollution.
- Proactively managing waste and recycling wherever possible.
- Complying at all times with applicable environmental legislation and environmental law.
- Promoting the efficient use of resources.
- Conducting regular environmental audits.
- Providing effective environmental training for all Brightwater employees and sub-contractors.
- Consulting with stakeholders, communities and interest groups.
- Establishing measurable objectives to ensure continual improvement in the management of environmental issues.
- Communicating this Environmental Policy to all persons working for or on behalf of Brightwater.
- Maintaining certification to AS/NZS ISO 9001 as a part of the Brightwater Integrated Management System.
- Showing environmental leadership and encouraging companies we deal with to improve their own environmental performance.

Warren Arthur
Group Chief Executive Officer
